

People– Experience– Technology

- Transition of Care
- Advocacy & Education
- Telemedicine & Aging in Place

Our Mission: To **advocate and educate** healthcare consumers to remove confusion and provide clarity on your healthcare situation.

What you need to know:

- Navigating healthcare is difficult to understand and often confusing
- Patient centered healthcare requires **informed** decision making
- Vic's Healthcare Concierge Services understands the vital importance **information** plays as the foundation to informed decision making
- Staying on top of healthcare information is much like many other specialties; **advisors** are extremely valuable when exploring uncharted areas

DO NOT GO ALONE: How many times did we hear from our parents and then as parents tell our children, "Do Not Go Alone"? Well I am here today to tell you ***Do Not Go Alone into the Healthcare World***. If you are not experienced in the healthcare world; please ask for independent help; this assistance may make all the difference to you and your loved one.

Options: (Details at www.vicshealthcare.com)

- Transition of Care Packages (services from any facility to home)
- Aging In Place (services to keep elderly safe and in location of choice)
- Telemedicine (services to provide you access to your physician from any location)
- Healthcare Plan Development prior to emergency need
- Phone a Local Nurse, one you know and will visit you at your home

It's the Right Thing to Do!
